RE: The Aleternative Board TAB

To whom it my concern,

I have been a TAB member for approximately five years; Jon Seidel has been the facilitator of my group for the last three years.

I have found the TAB experience to be very beneficial for my personal and business growth, as well as offering excellent feedback relative to resolving the myriad of problems that we face daily as small business owners.

Certainly a big part of TAB is the interaction that takes place during the monthly half day board and one hour "one on one" meetings. The success of these meetings is in part the manner in which Jon Seidel addresses the various different issues and his ability to clearly identify the problem, develop a solution and establish a time table for the desired outcome. This is all accomplished in an unassuming manner and in many instances a by-product of the effort offers tools or guidelines for future problem solving.

For anyone who is struggling with growing and managing their company, I highly recommend TAB and Jon Seidel as a viable alternative for solving the business problems that many of us struggle with from day to day.

Very truly yours,
